

## **Helix BioMedix To Present at Invest Northwest 2006 CEO & Investor Forum**

*Mar 09, 2006 - Bothell, Washington*

Helix BioMedix (HXBM.OB), a developer of bioactive peptides, today announced that Timothy Falla, Ph. D, Chief Scientific Officer, is scheduled to present an overview of the company at Invest Northwest on March 21, 2006 at the Bell Harbor Conference Center, Seattle, Washington. Helix BioMedix's presentation at Invest Northwest is scheduled for 11:55 am Pacific Time (2:55 pm Eastern Time).

Now in its fifth year, Invest Northwest is a forum for senior executives from Northwest public and private life science companies to tell their stories to institutional investors, analysts, investment bankers, fund managers, venture capitalists, angel investors and prospective corporate partners. Invest Northwest is produced by the Washington Biotechnology & Biomedical Association in collaboration with BC Biotech, BC Medtech, BioAlberta, Bioldaho, Montana BioScience Alliance and the Oregon Bioscience Association.

### **About Helix BioMedix**

Helix BioMedix, Inc. is a late stage biopharmaceutical company that has a portfolio of issued patents that covers six distinct classes of peptides, including over 100,000 unique peptide sequences. The company's mission is to become the industry leader in developing and commercializing small proteins known as bioactive peptides. The antimicrobial and wound healing properties of these peptides qualify them for inclusion in a wide range of both pharmaceutical and consumer products. The company is currently focused on the development of selected peptides as topical anti-infectives and in wound healing. Non-pharmaceutical applications being pursued by Helix BioMedix include adjuvants for cosmetics/cosmeceuticals, personal care, plant health, animal health and wide-spectrum biocides. More information about the company and its proprietary peptides can be found on the company's website at [www.helixbiomedix.com](http://www.helixbiomedix.com).
